## NEWSLETTER

January 2022

### From the Office of the Chief Operating Officer

Greetings!

The start of a new year can mean many unique things to different people. I was reading an article recently that stated that New Year's Day is the world's most celebrated holiday, although no reasons could be confirmed as to why- especially when other holiday celebrations are so clearly defined.

Many people use New Year's Day as a benchmark to remember the achievements of the passing year as well as reflect on the challenges in their personal experiences. I think that we all can attest to the fact that 2021 came with its own distinctive set of circumstances. With the year completed I am grateful for the lessons learned, the ongoing demonstration of care and compassion throughout our community and how we all joined together in a collaborative approach with the same goal in mind - TO KEEP OUR COMMUNITY AND THOSE IN IT- SAFE, WELL AND JOYFUL.

This past year we have seen an increase in demand for assistance from our staff at the Centre. The pandemic has created the perfect storm for crisis among some residents living in our community. As an organization we strive to assist residents and their loved ones to the best of our ability. Often, we are limited due to restrictions, access to health information for our residents, policies and procedures of the organization, as well as inadequate access to outside resources for our seniors with the closure or work from home practice being utilized by many agencies which can delay timely response. I can speak to the fact that I have witnessed, with much pride, our staff demonstrating astonishing perseverance, resourcefulness and even heroism beyond my greatest expectations to help individuals in our facility.

I have sincere admiration for the "little things" that have sprouted in our community this last year. I experience much delight watching residents come together to enjoy mutual interest activities and fellowship. There is no greater sound than the laughter of neighbors ringing in the community and friendly jests between competitors at the card, shuffle, and pool tables or residents singing at the piano. We have adjusted many activities in our community in response to the pandemic and it is a relief to see some sense of normalcy returning to the community while still maintaining public health guidelines.

Together, we can all make a real and immediate difference for a person or people in our community. It simply starts with a joyful smile, warm hello or the simple act of patience and empathy. This year I strive to follow this one thing "In a world where you can be anything - BE KIND".

As we venture together into 2022 together let's give a toast to the past and say goodbye to what has been! 2021 is not to be forgotten but honored as an experience like no other. I am confident that this coming year will be filled with brilliance, revitalization, and camaraderie. As a collective group during 2021 we demonstrated our commitment to ourselves, our neighbors, and our community and we shall "march forward" in 2022. I know that there will be happy memory making in the coming days, weeks, and months in front of us.

**HAPPY NEW YEAR!!**

Warmest Regards,

*Wanda*

# IMPORTANT NOTICES

## **MAIN OFFICE CLOSED**

**Monday, JANUARY 3, 2022**, in lieu of New Year's Day (Jan 1<sup>st</sup>).

Security Staff will be on site to assist with EMERGENCIES - **Contact Security @ 780-452-4444**

## **GENERATOR TESTING**

**Thursday, JANUARY 6, 2022 starting at 2:00pm**, the Maintenance Department will be performing routine testing of the building's generators (used in case of power outages).

**BUILDING SECURITY** – It is very important that residents do not allow any visitors into the building except through the Main Entrance (Front Lobby). If no staff are available at the Health Assessment Desk when your visitor arrives, please instruct them to wait there for security to arrive and allow entry after signing in.

**COLD WEATHER** – A friendly reminder not to leave windows or patio doors open for long during winter weather and cold temperatures. Pipes are prone to freezing and bursting in these conditions, which may cause flooding in suites.

Please call the Main Office @ 780-452-4444 and request a Maintenance Work Order if you feel your suite thermostat is not adjusting properly to keep the suite temperature comfortable for you.

**PORTABLE HEATERS** – Portable heaters are available for temporary use by residents in their suites during extremely cold temperatures if you are not otherwise able to be comfortable in your suite. Please call the Main Office to request a Maintenance Work Order for allocation of a portable heater to your suite.

**GARBAGE CHUTES** – Please **do not** leave garbage, boxes, bottles, cans, etc. on the floor in garbage rooms. Residents must dispose of their own household garbage appropriately. Please use the large green dumpster in the west parking lot for larger items. Contact our Hospitality Department if you require assistance with removing trash from your suite. (Please be aware this service is subject to a fee.)

\*Items found to be improperly disposed of will be tracked using our security cameras, and the resident will be charged a disposal fee\*

**FLYER DELIVERY** – If you do not wish to receive flyers in your mailbox, please advise the main office and we will place a sticker in your mailbox to alert the Canada Post Mail Carrier of your wishes.

**RESIDENT PARKING STALLS** – Residents must park their vehicles inside the lines of their assigned spot in the underground parkade. The office is having difficulty placing new tenants in underground parking when other residents are not parked appropriately. Warnings will be issued if inappropriate parking is not corrected. Please remember that parking stalls cannot be used as a storage space for articles of any kind.

# CURRENT CONDITIONS

COVID-19 PANDEMIC  
Congregate Living Centers

## OMICRON VARIANT

As we are all aware this new variant has entered the Edmonton Zone. This variant has been reported as highly contagious. The Centre kindly reminds residents to practice good hand hygiene and to continue the practice of wearing masks while in our common areas. Please, if you are experiencing illness of any kind - stay in your suite until all symptoms of illness have passed.

New measures have been introduced into our facility.

### Please read the following carefully:

- ✓ Residents who are absent for more than 24 hours regardless of their immunization status are required to actively screen daily for symptoms of COVID-19 and wear a surgical/procedure mask when outside of their room, except when eating or drinking, **for 14 days post-return**.

Resident screening checklists and appropriate masks are available from the main office and the health assessment desk.

ALL RESIDENTS are encouraged to wear masks in our common area regardless if they have been absent from the Centre or not. Please continue to practice good hand hygiene. If you are feeling unwell you must stay in your suite until symptoms have resolved.

## VISITOR POLICIES

In accordance with health measures prescribed by the Chief Medical Officer of Health (CMOH), for Alberta:

- ✓ ALL visitors to the Centre must enter the building through the Main Door to be screened at the Health Assessment Desk (Front Lobby) and to sign in.
- ✓ ALL visiting persons must wear a surgical/procedure mask while in our facility, even in RESIDENT SUITES, unless a resident has communication challenges where a mask would inhibit interacting. In which case, the resident and visiting persons should maintain a distance of two (2) meters from each other.
- ✓ Anyone who is a close contact of someone who has tested positive for COVID, will **not be allowed entry into our facility** (within 14 days of last exposure) regardless of vaccination status. This is a change that was made by the CMOH in mid-December.

And, in keeping with results of our most recent Resident Survey:

- ✓ Visitors of residents are now permitted to visit and eat in The Garden Café and common areas of the Center if verifiable proof of vaccination is provided (not required for children under 12 years of age).

To facilitate this, staff now have “QR” code scanners at the Health Assessment Desk (Front Lobby) and at the cash register in the Garden Café.

## SUSAN'S NEWS

### Happy Winter Solstice!

Like many of you, I look forward to the extra few minutes of daylight that we will soon notice.

**Atrium** – The Christmas decorating event was successful and now common areas are filled with lovely Christmas trees and decorations. The poinsettias throughout the atrium add extra colour making it brighter.

**Koi Pond** – The Koi fish are doing well and continue to grow. Koi will grow to the size of their environment so these fish will likely get a little bigger as the bottom pond area is a about 600 gallons of water.

**Tower Gardens** – The towers have been washed down and new seedlings started. We will see this back upstairs soon and look forward to harvesting produce later in January.

**Did You Know?** *Poinsettias originate from Mexico and Central America. Joel Roberts Poinsett, first US Ambassador to Mexico, introduced the plant to the US in the 1820's. Poinsettias grow into large shrubs and trees in various regions.*

5. Additions to the Agenda to add under new business, accept Agenda- 1<sup>st</sup> Gerry  
2<sup>nd</sup> Linda

6. Business arising from the last meeting/old business:  
None Noted as incomplete or outstanding

7. Standing Agenda Items:

7.1- Food Service: Not enough pie at dinner service: Lonnie has been made aware of the situation and he will increase the quantity available.

Hamburger Meal: Residents would like to see the option of having a choice of fries or salad when a hamburger meal is offered rather than just fries.

Extra small meals for small appetites: Unfortunately, at this time we do not have the capacity to offer this service as it may pose quantity issues particularly with meat products. (for example: would the person receive a full chicken breast or half? Would the other half be purchased making it viable for the kitchen?)  
A suggestion would be for the individual resident to divide the portion they receive and eat the remainder of the meal at another time.

Residents wondered if a more environmental friendly option for take away containers could be used: The Centre will have to investigate this as cost is always a factor in order to keep prices stable and not passed onto the consumer.

Sunday Turkey Dinner: Turkey dinner was scheduled on the menu the night after the annual resident Christmas dinner but was not served. While the residents can understand why they would appreciate a notice being put up in the Café regarding the change should the kitchen know in advance.

7.2- Maintenance/Housekeeping: Snow pile by the east parkade: Residents expressed concerns that the snow removal company is piling snow by the alley blocking entrance into the East parkade. Please Note: After investigation it has been determined that residents are turning from the alley into the main lot to get to the parkade ramp. THIS IS NOT AN ENTRANCE or ROADWAY. Yellow posts are in the area indicating that it is not an entrance and in fact a grass area. A temporary construction barrier has been placed in this area to deter entrance. Residents must exit onto 111 ave from the alley to enter the main entrance and parkade.

7.3- Social/Leisure Activities: EPS will visit the Centre on December 22, 2021 at 10:00am, hot chocolate will be served.

7.4- Security: None Noted

#### 8. New Business (suggestion box/Committee concerns):

##### Suggestion Box:

8.1- Receiving communion: A concern regarding the receiving of communion via hand to mouth was submitted. This is a parish concern regarding practices of the church and Father Andrew was notified. All concerns regarding the parish must be addressed with Father Andrew and/or the Archdiocese.

8.2- Push buttons for entrance into bathrooms in lobby: This is a shared space between the Parish and the Centre. This item will be placed on the agenda in our discussion meetings with the parish.

8.3- Recycling: It was asked at the meeting if the can recycling bins were also for glass jars and tin cans. Please note that this bin is only for refundable containers. Absolutely no glass jars or tins cans should be disposed of in this bin. This poses a safety risk for our staff.

8.5- Christmas Tress- It was noted at the meeting that some of the Centre's Christmas Tress has seen better days. This will be noted on takedown and if deemed unusable will be disposed of accordingly.

8.6- Residents Christmas Dinner- Kudos to all the staff were given for the planning, organization, and assistance to have the resident Christmas Dinner. It was a joyous occasion and appreciated by all who attended.

#### 9. Administration Sharing:

9.1- Visitors of residents with verified vaccination status will be allowed to dine with their loved-ones/friends in the Garden Café and/or Atrium. This same process applies to resident visitors who wish to our common areas as well. (results as indicated on resident survey)

9.2- We will open our guest suite rentals for loved ones of residents with verified vaccination status.

9.3- There will be a resident forum in late January- please watch the notice boards and elevators for posters with additional information.

Meeting Adjourned at 2:40 pm.

**NEXT MEETING: Wednesday, January 19, 2022 @ 1:30 pm in the Fr. Irwin (Reception) Room**
